AMALFI COAST

TRAFFIC REGULATION FROM APRIL TO SEPTEMBER 2023

Since 2019, to better manage the touristic flow during the busy season, Amalfi Coast governors have devised a plan of **alternating license plate system** on the Amalfi Coast Drive (Ss163 - from Positano to Vietri Sul Mare). The plan becomes effective on the **Easter Week** (from April 3rd to April 10th, 2023).

The rules:

These rules apply to cars belonging to people non-resident on the Amalfi Coast. Cars belonging to locals, taxis and buses are exempt.

Cars with a license plate ending in an **odd number cannot drive** Amalfi Coast Drive **on odd numbered days**. Cars with a license plate ending in an **even number cannot drive** Amalfi Drive **on even numbered days**.

The rule takes effect from **10am to 6pm** on the **Easter Week** (from April 3rd to April 10th), on the Weekends (Saturday and Sundays) from June 15th to September 30th, and on the entire **month of August**. It will also be effective on some holidays, long weekends are also included (from April 24th to May 2nd).

In addition to the license plate system, any vehicle that is longer than 10.36 meters (34 feet), including vehicles pulling trailers, are banned from 6:30 am to midnight, all year long.

If you are a guest of an official accommodation of the Amalfi Coast (Hotel, Agriturismo, Bed and Breakfast, Country House, Holiday House, ecc.), **you are allowed to get** to your accommodation on the planned day and drive back on the planned departure day, even if your license plate does not align with mandatory dates, by showing your reservation.

You won't know the number of your license plate until you pick up your rental car, so it's impossible to plan in advance which days to drive the Amalfi Coast.

We recommend confirming this rule with us or with your accommodation before your visit.

SORRENTO COAST

TRAFFIC REGULATION FROM APRIL TO SEPTEMBER 2023

From April 8th, 2023 on the Sorrento Coast drive (Sorrento, Piano Di Sorrento, Sant' Agnello, Meta, Vico Equense) to better manage the touristic flow during the busy season, Sorrento Coast governors have devised a plan of **alternating license plate system**.

The rules:

These rules apply to cars belonging to people non-resident on the Sorrento Coast.
Cars belonging to locals, taxis and buses are exempt.

Cars with a license plate ending in an **odd number cannot drive Sorrento Coast Drive** on odd numbered days. **Cars** with a license plate ending in an **even number cannot drive Sorrento Coast Drive** on even numbered days.

The rule takes effect:

- from **8am to 7pm**;

- from **April 8th to May 31st** all Fridays, Saturdays and Sundays, on holidays (Apr. 25th, May 1st) and **on the day before the holidays** (Apr. 24th, Apr. 30th).

- from **June 1st to September 30th**: everyday from 8am to 7pm.

If you are a guest of an accommodation of the **Amalfi Coast** and, for example, your license plate ends in an odd number in an odd numbered day, **you are not allowed to drive along** the Sorrento Coast. Be careful!!!

Please be smart: to travel around Amalfi Coast or Sorrento Coast please use public trasports (busses or ferries).

We recommend confirming this rule with us or with your accommodation before your visit.
